PATIO DOORS

The beauty of in-line sliding patio doors lies in their ability to provide virtually unhindered views of the great outdoors while barely touching your living space - even when open.

The VEKA UK Group's **Imagine Patio Door** builds upon these attributes with a range of technical innovations, designed to improve on everything from thermal insulation to aesthetic appearance.

An entirely flush inner frame allows the **Imagine Patio Door** to blend harmoniously into any room and, with a choice of 18 colour and woodgrain finishes from the stunning **Variations** collection, it's easy to tailor to any design scheme. You can even opt for different colours on either side of the frame!

Two, three and four pane options are available to tailor this stylish door to any type and size of room. You can choose internal or external sliding doors and, what's more, it's possible to have multiple sliding doors.

Should your **Imagine Patio Door** also serve as a porch entrance to your home, the optional inclusion of a matching midrail opens up design potential for letterplates, house numbers and other door furniture.

A choice of crisply defined bevelled or softly rounded sculptured frames offers a contemporary or traditional touch to complement your home and for a seamless transition from in to outdoors, the **Imagine Patio Door** can be installed with a choice of thresholds including an exceptionally low, easy-access option - ideal for people with mobility difficulties.

This ease of access, however, does not extend to intruders! A cutting-edge multi-point locking system forms part of a formidable package of security features, making the **Imagine Patio Door** capable of achieving both of the industry's leading security accreditations: PAS 24 and Secured By Design.

We've concentrated on the way that the doors meet one another and the frame - introducing brushes to all sides and a unique quadruple-seal interlock that keeps the warmth in and the weather out.

For all this innovation - there has been no scrimping on functionality. The **Imagine Patio Door** is as dependably easy-to-use as you'd expect of a high quality product from the world-renowned VEKA UK Group.

Pick a colour

The **Imagine Patio Door** is available in a range of 18 colours and woodgrain options, allowing you to perfectly complement your home. Keep it classic with cool cream or white, go contemporary with timeless grey or black, or reflect your personality with a considered choice from our green, blue and brown hues.

If you like the look of timber, but don't want the maintenance that comes with a wooden door, check out our extensive selection of woodgrain finishes - renowned as some of the industry's most realistic. We even offer a white woodgrain option for those wanting to add a textured woodgrain effect to the popular colour choice.

Your installer can help advise you on the perfect, stylish finish for your doors and windows - but ultimately the choice is yours!

Make your home as unique as you are.
